

Sustainable and resilient farming systems in the European Union

173rd EAAE Seminar,
Institute of Agricultural Economics, Romanian Academy
26-27 September 2019, Bucharest, Romania

173rd EAAE Seminar

Sustainable and resilient farming systems in the European Union

Date: Wednesday, 25/Sept/2019

19:30 – 22:00	Welcome cocktail (Venue : Hotel Ambassador, 11-th Floor Terrace) (Address: Bd. G-ral Ghe. Magheru 10A)
---------------	--

Date: Thursday, 26/Sept/2019

8:00 – 9:00	Registration Venue: Romanian Academy, Aula (Address: Calea Victoriei 125)
9:00 – 9:30	Welcome addresses: Cecilia Alexandri (Director of the Institute of Agricultural Economics) Gheorghe Zaman (Member of Economic, Law and Sociological Sciences Section of the Romanian Academy) Venue: Romanian Academy, Aula
9:30 – 11:00	Plenary Session I: Keynote speakers Chair: Cecilia Alexandri Venue: Romanian Academy, Aula
	1 - Mihail Dumitru (DG AGRI) – “Higher climate and environmental ambition in the CAP post 2020”
	2 - Luiza Toma (Scotland’s Rural College) – “Technological uptake and efficiency. Case studies on food waste and animal health in primary production”
11:00 – 11:30	Coffee break
11:30 – 12:45	Plenary Session II: Keynote speakers Chair: Camelia Gavrilescu Venue: Romanian Academy, Aula
	1 - Ika Darnhofer (University of Natural Resources and Life Sciences Vienna) – “On the theoretical challenges to assess the resilience of farms”
	2 - Miranda Meuwissen (Wageningen University and Research) – “Resilience of EU farming systems; how to measure a multi-dimensional concept?”
13:00 – 14:00	Lunch (Venue: Hotel Ambassador; Restaurant 1-st floor) (Address: Bd. G-ral Ghe. Magheru 10A)

Sustainable and resilient farming systems in the European Union

173rd EAAE Seminar,
Institute of Agricultural Economics, Romanian Academy
26-27 September 2019, Bucharest, Romania

	<p>Parallel Session 1 / SURE-Farm Project Mid-term scientific seminar: RESILIENCE ASSESSMENT INSTRUMENTS Chair: Barbara Soriano <i>Venue: Hotel Ambassador, room “Panoramic” (12-th floor)</i></p>	<p>Parallel Session 2 POLICIES CONTRIBUTION TO SUSTAINABILITY Chair: Mariya Peneva <i>Venue: Hotel Ambassador, room “Ambassador” (ground floor)</i></p>
14:00 – 15:30	<p>129 - <i>Perceived resilience across European Union farmers</i> / <u>Spiegel Alisa</u>; Slijper Thomas; de Mey Yann; Meuwissen Miranda; Poortvliet Marijn P.; Rommel Jens; Hansson Helena; Viganì Mauro; Soriano Barbara; Wauters Erwin; Appel Franziska; Antonioli Federico; Harizanova Hristina; Gavrilescu Camelia; Gradziuk Piotr; Neumeister Delphine; Finger Robert</p>	<p>126 - <i>Assessing the ability of public policy to enable or constrain the resilience of the grain farming system in North-East Bulgaria</i> / <u>Peneva Mariya</u>; Valchovska Stela; Buitenhuis Yannick</p>
	<p>143 - <i>Role of learning in adapting to changes – a case study regarding the small mixed farms in Nord-Est region of Romania</i> / <u>Tudor Monica</u>; Gavrilescu Camelia, Urquhart Julie, Bohateret Valentin-Mihai; Bruma Ioan-Sebastian; Dobay Krisztina-Melinda; Matei Daniela; Tanasa Lucian</p>	<p>105 - <i>Analysing public policies for resilient farming systems: a case study of the EU’s Common Agricultural Policy in ‘De Veenkoloniën – Het Oldambt’ (The Netherlands)</i> / <u>Buitenhuis Yannick</u>; Candel Jeroen; Termeer Katrien; Feindt Peter</p>
	<p>135 - <i>The role of agricultural risk management in strengthening farming systems’ resilience: results from a multi-scale co-creation approach</i> / <u>Soriano Barbara</u>; Bardaji Isabel; Blas Alejandro; Gozard Adele; Meuwissen Miranda; Garrido Alberto</p>	<p>106 - <i>Agricultural policies and the resilience of farming systems in NE Region of Romania</i> / <u>Voicilas Dan-Marius</u>; Luca Lucian</p>
	<p>127 - <i>Understanding European farm demographic change processes and influencing factors: qualitative findings from a multiple case-study approach</i> / <u>Coopmans Isabeau</u>; Dessein Joost; Bijttebier Jo; Accatino Francesco; Antonioli Federico; Gavrilescu Camelia; Gradziuk Piotr; Manevska-Tasevska Gordana; Meuwissen Miranda; Peneva Mariya; Pettit Andrea; Soriano Barbara; Urquhart Julie; Wauters Erwin</p>	<p>134 - <i>Path-dependencies in agricultural policies - PESTEV analysis for resiliency</i> / <u>Arovuori Kyösti</u>; Lehtosalo Heini</p>
15:30 – 16:00	Coffee break	

Sustainable and resilient farming systems in the European Union

173rd EAAE Seminar,
 Institute of Agricultural Economics, Romanian Academy
 26-27 September 2019, Bucharest, Romania

16:00 – 17:30	Parallel Session 3 / SURE-Farm Project Mid-term scientific seminar: RESILIENCE ASSESSMENT INSTRUMENTS Chair: Peter Feindt <i>Venue: Hotel Ambassador, room “Panoramic” (12-th floor)</i>	Parallel Session 4 POLICIES CONTRIBUTION TO SUSTAINABILITY Chair: Imre Ferto <i>Venue: Hotel Ambassador, room “Ambassador” (ground floor)</i>
	145 - <i>How do the CAP and its national implementations enable or constrain the resilience of farming systems in the European Union? A comparative assessment</i> / Feindt Peter; Termeer Katrien; Candel Jeroen; Buitenhuis Yannick	101 - <i>Exploring the relationship between farm productivity and the CAP subsidies for the NMS</i> / Alexandri Cecilia; Saman Corina; Pauna Bianca
	121 - <i>Generational Renewal and European agriculture: a resilience analysis from agent based simulations</i> / Pitson Christine; Appel Franziska	116 - <i>Potential impacts and financial sustainability of the Income Stabilization Tool. An application to hazelnut production in Italy</i> / Severini Simone; Cinzia Zinnanti; Emanuele Schimmenti
	141 - <i>A dynamic perspective to farming resilience and its trade-offs</i> / Herrera Hugo; Kopainsky Birgit	117 - <i>African swine fever: market impacts and resilience of the EU pork industry</i> / Salputra Guna; Bogonos Mariia; Fellmann Thomas; Barreiro-Hurle Jesus
19:00 – 22:00	Official Dinner (Venue: Restaurant Caru' cu Bere)	

Sustainable and resilient farming systems in the European Union

173rd EAAE Seminar,
 Institute of Agricultural Economics, Romanian Academy
 26-27 September 2019, Bucharest, Romania

Date: Friday, 27/Sept/2019

9:00 – 10:30	Parallel Session 5 RISK MANAGEMENT Chair: Piotr Sulewski <i>Venue: Hotel Ambassador, room "Panoramic" (12-th floor)</i>	Parallel Session 6 RESILIENCE ASSESSMENT INSTRUMENTS Chair: Simone Severini <i>Venue: Hotel Ambassador, room "Ambasador" (ground floor)</i>
	118 - Risk exposure and risk awareness as a factor of farms resilience in Poland / Was Adam; <u>Sulewski Piotr</u> ; Kobus Pawel	104 - Evaluating satellite soil moisture data for index insurances / Vroege Willemijn ; Bucheli Janic; Dalhaus Tobias; Hirschi Martin; Finger Robert
	115 - Exploring attributes of resilience: robustness, adaptability and transformation in European farmer narratives / Nicholas-Davies Phillipa; <u>Fowler Susan</u> ; Midmore Peter; Coopmans Isabeau; Draganova Mariana; Petitt Andrea; Senni Saverio	138 - The effect of agricultural insurance on the components of Total Factor Productivity: the case of Hungarian farms / <u>Barath Lajos</u>
	140 - How the CAP supports risk management strategies of farmers? The case study of horticulture in Poland / <u>Ciechomska Anna</u> ; Gradziuk Piotr	111 - The economic sustainability of cover crops in organic production of corn and soybean. Assessing the obstacles to the introduction of more environmentally sustainable weed management / Severini Simone; <u>Castellari Maurizia</u> ; Pecetti Luciano
	131 - Bridging the gap between risk and resilience: a Dutch case study / <u>Slijper Thomas</u> ; de Mey Yann; Poortvliet Marijn; Meuwissen Miranda	133 - Step-by-step development of a model simulating farm returns from investments: the example of hazelnut plantation in Italy / <u>Spiegel Alisa</u> ; Severini Simone; Britz Wolfgang; Coletta Attilio
10:30 – 11:00	Coffee break	

Sustainable and resilient farming systems in the European Union

173rd EAAE Seminar,
Institute of Agricultural Economics, Romanian Academy
26-27 September 2019, Bucharest, Romania

	<p>Parallel Session 7 CAP POST 2020 POLICIES Chair: Jacques Loyat <i>Venue: Hotel Ambassador, room “Panoramic” (12-th floor)</i></p>	<p>Parallel Session 8 RESILIENCE AND SUSTAINABILITY Chair: Athanassios Papageorgiou <i>Venue: Hotel Ambassador, room “Ambassador” (ground floor)</i></p>
	<p>110 - <i>Faced with the risks of free trade, agricultural policies necessary for the development of sustainable and resilient farming systems - Application to the dairy sector and prospects for the post-2020 CAP</i> / <u>Loyat Jacques</u></p>	<p>122 - <i>Regional development convergence in Central-East Europe. A spatial perspective at NUTS3 level</i> / <u>Bakucs Zoltan</u>; <u>Pocol Cristina</u></p>
	<p>136 - <i>Reshaping AKIS to support agro-ecological transitions in agricultural landscapes: The case of Alto Douro Valley winescape</i> / <u>Madureira Livia</u>; <u>Polita Fabiola</u>; <u>Mucha Tiago</u>; <u>Marques Carla S.</u></p>	<p>112 - <i>Sustainable agriculture's networks in Greece</i> / <u>Papageorgiou Athanassios</u></p>
11:00 – 13:00	<p>148 - <i>Challenges and risk management strategies in small mixed farms in Nord-Est region of Romania</i> / <u>Gavrilescu Camelia</u>; <u>Tudor Monica</u>; <u>Bohateret Valentin-Mihai</u>; <u>Bruma Ioan-Sebastian</u>; <u>Dobay Krisztina-Melinda</u>; <u>Matei Daniela</u>; <u>Tanasa Lucian</u></p>	<p>120 - <i>Robustness assessment of farms in intermediate areas using Data Envelopment Analysis</i> / <u>Jan Lore-Elène</u>; <u>Blancard Stéphane</u></p>
	<p>128 - <i>The adaptability of an extensive cattle beef farming system to contrasted societal preferences – coupling multi-objective analysis and a participatory approach</i> / <u>Accatino Francesco</u>; <u>Neumeister Delphine</u>; <u>Paas Wim</u>; <u>Tonda Alberto</u>; <u>Reidsma Pytrik</u></p>	<p>125 - <i>Stakeholder assessment of the resilience of the Flemish dairy farming system - An application of the FoPIA-SureFarm method</i> / <u>Coopmans Isabeau</u>; <u>Bijttebier Jo</u>; <u>Becking Jorrit</u>; <u>Paas Wim</u>; <u>Reidsma Pytrik</u>; <u>Wauters Erwin</u></p>
	<p>139 - <i>The agro-food export trends in Ukraine: focus on grain crop market</i> / <u>Seheda Serhii</u></p>	<p>150 - <i>Resilience between innovation and agriculture: maize leaf weevil (<i>Tanymecus dilaticollis</i> Gyll) control, in Romanian conditions</i> / <u>Cretu Alina-Daniela</u></p>
	<p>142 - <i>The impact of the CAP measures on the competitiveness of the Romanian horticulture sector</i> / <u>Alboiu Cornelia-Florentina</u> (IEA-AR – Romania)</p>	<p>149 - <i>Farming systems in Romania - which type of policy to choose in order to help farmers to be sustainable and resilient post 2020</i> / <u>Giurca Daniela</u> (IEA-AR – Romania)</p>
13:00 – 13:30	<p>Plenary / Closing Session Concluding remarks: Camelia Gavrilescu; Dan-Marius Voicilas <i>Venue: Hotel Ambassador, room “Panoramic” (12-th floor)</i></p>	

Sustainable and resilient farming systems in the European Union

173rd EAAE Seminar,
Institute of Agricultural Economics, Romanian Academy
26-27 September 2019, Bucharest, Romania

13:30 – 14:30	<i>Lunch (Venue: Hotel Ambassador; Restaurant 1-st floor)</i>
15:30 – 16:30	Optional visit: Palace of Romanian Parliament

Venues:
Romanian Academy, Aula – address: Calea Victoriei 125 (sector 1)
Hotel Ambassador – address: Bd. G-ral Ghe. Magheru 10A (sector 1)
Restaurant « Caru' cu bere » - address: Str. Stavropoleos 5 (sector 1)
